Re: GE-Pittsfield Housatonic River Site, Dispute Resolution Proceeding Before the U.S. EPA  
Region 1 Director of the Office of Site Remediation and Restoration

Dear Sir/Madam:

Enclosed please find my Final Decision in this matter, dated June 10, 2010. I have attached EPA's Response to GE's Statement of Position on Disputed Conditions 20 and 22 of EPA's January 12, 2010 Conditional Approval Letter to my Final Decision.

The General Electric Company (GE) invoked dispute resolution for this matter pursuant to the October 27, 2000 Consent Decree for the GE Pittsfield/Housatonic River Site. Pursuant to the Consent Decree, the portion of the Site that is relevant to this dispute was investigated under the terms of a RCRA Corrective Action Permit, which is an appendix to the Consent Decree. Because GE's August 31, 2009 Work Plan is an interim submittal under the Permit, disputes regarding these submittals are governed by Section N of the Permit. In accordance with Section N of the Permit, I have issued the enclosed Final Decision.

Sincerely,

A handwritten signature in black ink, which appears to read "James T. Owens, III". The signature is stylized with a large "J" and "O".

James T. Owens, III  
Director, Office of Site Remediation and Restoration
